

COVID-19 Precautions

updated 03/11/22

Dedicated to keeping our community safe

Your health and safety are always our first priority. We continue to meet or exceed the guidelines put in place by the CDC, the Governor of Virginia, and Albemarle County to help keep our members, guests, staff, and volunteers as safe as possible.

Visiting The Center at Belvedere

- No one with a fever or symptoms of COVID-19, or known exposure to a COVID-19 case in the prior 10 days, or a positive COVID test, is permitted in the building.
- Hand sanitizer is available throughout the building.

Masks

- **With the COVID Community Level in Albemarle now at Medium, masks are no longer required at The Center, in accordance with CDC guidelines.**
- People may, of course, choose to wear a mask at any time.
- Anyone who is immunocompromised or high risk for severe disease is encouraged to wear a mask.

Vaccinations

- All Center staff are fully vaccinated.

Cleaning & Ventilation

- High contact areas are routinely cleaned and disinfected.
- Fitness center users must wipe down equipment before and after use (weights, machines, benches, barras)
- Our new air systems ensure air quality with the use monitors to determine the optimal rate of complete fresh air exchange.
- Staff and volunteers are encouraged to practice frequent hand washing and physical distancing; plexiglass dividers are in place where necessary.

Thank you for your continued patience and dedication to keeping our community safe and healthy. As always, we are grateful for the many ways you support The Center and each other.
