

Face Mask Policy

The Center requires the wearing of face masks on site. Members who are noncompliant with The Center's face mask policy will receive a documented warning for the first two infractions. On the third infraction, the member will be suspended from The Center for the period of one week.

Should another infraction occur when the member returns from suspension, all membership privileges will be suspended, and the member will not be permitted to enter the building or participate in online members-only programs until the mask policy is no longer necessary. Once masks are no longer required, the member will be welcome to resume his or her membership.

Visitors who are noncompliant with the face mask policy will be required to leave the building.

These measures are not intended to be punitive, but rather to protect The Center and its members, visitors, volunteers, and staff.
